Sigrid strives to help students achieve their fullest potential through education, the development of literacy and numeracy skills as well as citizenship and faith development in order to help them to grow spiritually, physically, emotionally, socially and academically. She believes that each student is unique and brings diverse knowledge and experience to the classroom; it is by nurturing this knowledge and experience, that classrooms become diverse and relevant learning environments. It is through establishing a safe and caring learning community where all students are valued for who they are that teachers and administrators create high expectations for academic and social growth and excellence.

Outside of school Sigrid enjoys spending time with family and friends, swimming, yoga, the outdoors, reading, taking courses and cooking. She is passionate about travel, and learning about different cultures and languages.

Ephesians 4:32 is an example of scripture that resonates with Sigrid, “and be kind to one another, tenderhearted, forgiving one another, as God in Christ forgave you.”

Sigrid will commence her position as Vice Principal in the 2019-2020 school year. Congratulations Sigrid on your new position and welcome to the Lakeland Catholic family.
